Customized Training To Meet Your Needs!

Are you a child care center that would like customized onsite training for you staff? We can help! Child Care Options will make all the arrangements to bring training to you. This means training will be customized to meet your needs and delivered by highly skilled and qualified trainers, staff will not have to travel to a training after a long work day and you will determine the time and date(s) for the training to meet your needs. Interested? Give us a call at 582-3110 ext. 27 or email rita@skcdc.org

Online Trainings Available 24/7

Bringing the Protective Factors Framework to Life in Your Work – A Resource for Action. This 15 hour online training consists of seven courses, each designed to be about two hours in length. The curriculum includes new materials on partnering with parents and addresses promising strategies to strengthening families. This resource is for anyone who works with children and families, including parents, practitioners and supervisors. At several points, participants have the option to select material that relates to specific areas of work, such as early care and education, child welfare or family support. Geared to the intermediate computer user.
